MEET *Ginger*

All about Ginger by the Beyer Family – Jim, Kimberly, Joshua and Jaden

Ginger joined our family in May 2015 from Pet Connect Rescue in MD. The boys had been asking for a dog for several months and we finally broke down and started the process of looking for one that would fit well with our very active family.

Ginger was rescued from North Carolina and brought to Virginia where she was fostered by a very caring family in Northern Virginia. When we found her on the internet we knew immediately we just had to have her. She was absolutely adorable and reminded us of a previous dog we had owned and loved very much named Sadie.

We took a family vote and decided on the name of Ginger due to her beautiful auburn coat. We think she is a Spaniel/Retriever Mix and is approximately 2-3 years old (we aren't exactly sure since she is a rescue dog).

When we first brought her home she was very cautious and it took several months for her very playful side to come out. She has a gentle spirit and is very well-behaved. When you walk in the room she rolls over and exposes her belly for her absolute favorite thing in the world which is a belly rub. She loves attention and being part of a family. Her favorite toy is a stuffed lamb chop which she absolutely destroys by pulling the stuffing out every time she gets a new one. She is a typical dog in that she loves to go on long walks, chase squirrels and loves getting a special treat. She liked playing with the boys in the 30 inches of snow we got in January. In the spring and fall, she always travels to the boys' baseball games with us because she loves being outside and being with the family. Jaden taught her how to fetch and she will sit on command but we are still working on a few other tricks. Ginger is so funny in the morning because she is very rambunctious and goes crazy when we first get up. She runs through the house playing and chewing on all her toys.

Ginger is spoiled rotten and the boys always fight over who she gets to sleep with. The unconditional love a dog gives has been an amazing blessing to our family. We feel very fortunate that we can provide a wonderful loving home to such a gentle dog who had a bit of a challenging start in life. Please consider adopting from Pet Connect Rescue. They were a great organization to work with and a rescue animal makes a fantastic pet.

Do you have a pet and would like to share his/her story? Then email Olivia.Wirt@n2pub.com to have them featured in the next available issue! Dogs, cats, horses, fish and any other type of animals are welcome!
